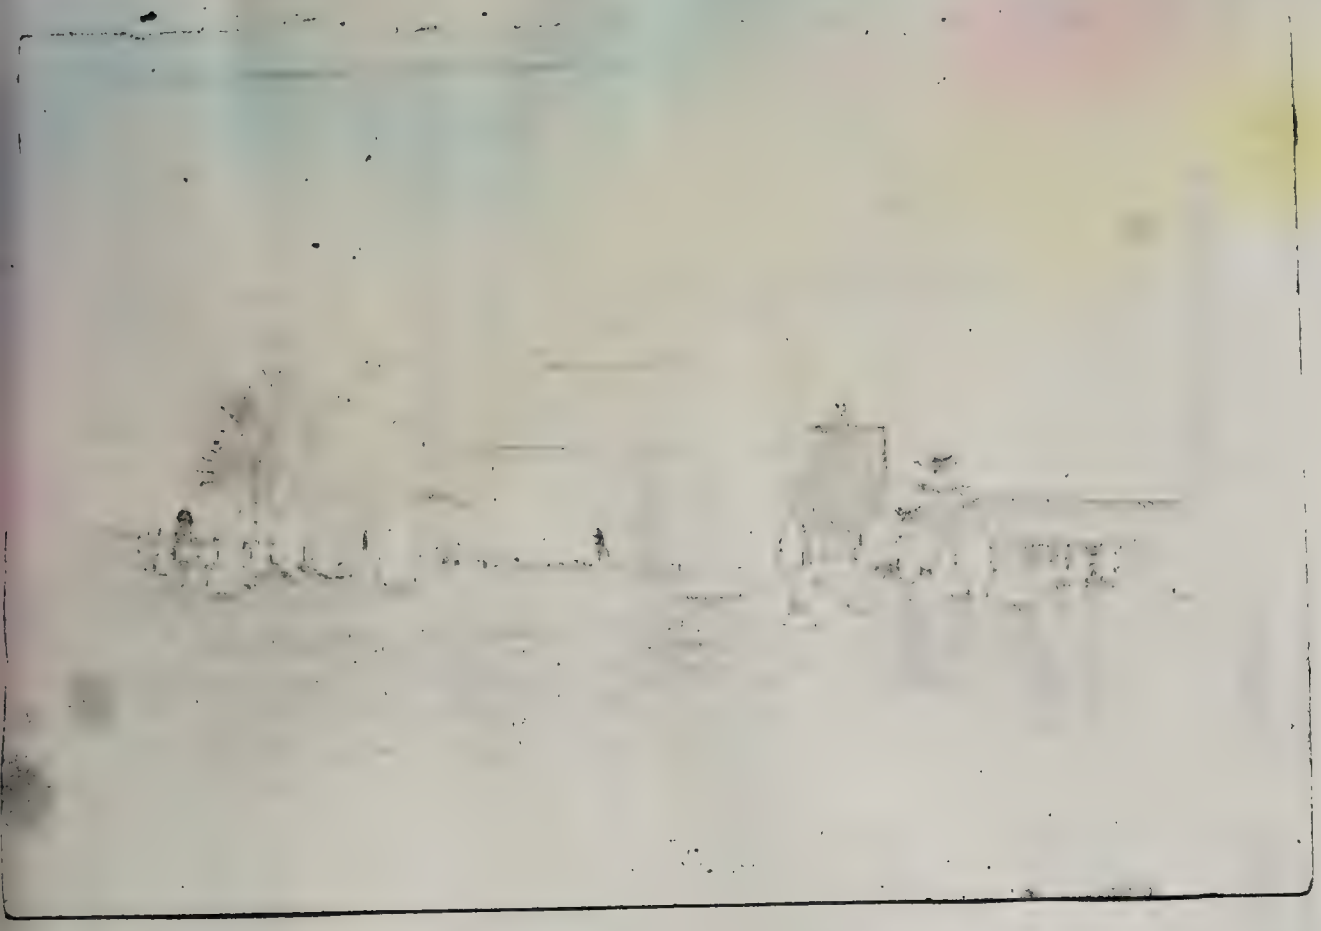
Iler Baptist Church and Cemetery



Iler Baptist Church Cemetery - land given by William Wright and Mary (Scratch) Wright March 14, 1883

Church was built in 1882 and torn down in 1943 (These are also the dates of Uncle Ellis Laramie too).

The above picture was given to Bob Iler by Edith Staddon Liddle 7/29/71

I can remember hearing Mrs. Forest Iler (Otha L. Berry) sing solos in the church and my Aunt Annie (Mrs Ellis Laramie) taught the Sunday School class I was in.

My grandfather, Edgar Iler, told me that he can remember going to this church and being introduced: "Ed Iler, please meet so and so Iler" - in the days when there were lots of Ilers.

In 1971 only two Ilers in the Settlement: Earl S. Iler, son of E. Scott
E Bruce Iler, son of Edgar and Winnie Wright Iler

Data taken from grave markings and additions by my Grandmother, Mrs. Edgar Iler. According to her, this is not complete as there were many buried here who did not have any grave markers. However, it includes all the stones that were visible at the time this listing was made up. I revised it in August, 1960 and August 1971.

This summer it was felt that the recording of all information available in the local cemeteries was of prime importance to aid in historical research. During our search we found that some of these cemeteries were so overgrown and neglected that they were almost unrecognizable. Time and the elements have also played a part in helping to all but obliterate a few of the smaller family cemeteries. Within the next few years there will be no sign that some of these cemeteries have even existed so it is for this reason that we hope our index and recording will provide some data which will prove invaluable in the future.
